

# AL215-B

## DUAL 15" LINE ARRAY SUBWOOFER

### TECHNICAL DATA SHEET

#### PRODUCT SUMMARY

**PLEASE NOTE:** This product is stocked and shipped from your warehouse in China. This product is ONLY available for sale in Asia.

Housing two 15" woofers within an innovative enclosure, the AL215-B boasts a hybrid construction that brings together the advantages of bass reflex and horn loaded subwoofer design - high efficiency, a superb range and the ability to reach extraordinarily low frequencies. The unique design engages the subwoofer's entire front baffle to enhance the acoustic field while reducing friction and minimizing losses. The result is an impressively efficient signal to noise ratio, faithful low-end reproduction and excellent dynamic coverage.

#### FEATURES

- High-performance reflective subwoofer.
- Small in size, high in power.
- High sound pressure level, suitable for medium to large-sized venues.
- Waterproof polyurea coating, suitable for outdoor performances.

#### APPLICATIONS

- Multi-Purpose Halls
- Banquet Halls
- Large Auditoriums
- Conference Halls
- Exhibition Halls
- Command Centers
- Large Outdoor Venues, etc.
